"Gestlemen: Patdon me for not writing sooner, but I wanted to see if I would stay cured. I can now traitfully say I am perfectly well. I wish to express my hearfest thanks. I have no pain, no cough, no night sweats, no hay fever. Since a child of two years, I have been alling with lung trouble, which grew worse as I grew older. At the size of fourteen, the doctor said if I cauld not be sent South I would surely die of Consemption. Every winter I would be sure to have either Bromehitis, Figuring or Poeumonia. I had Typhoid-Panenonia one time. I had cataryth of the stomach and howels and had flay Fever for the last few years; but have not anything of the kind this year.

"I will naswer all letters sent to me, saking a history of my case, from any one suffering with lang trouble."

(Sworn affidavit): ETTA PLATH.

Mix one pint of granulated sugar with ½ pint of warm water, and stir for 2 minutes. Put 2½ onnees of Pinex (fifty cents' worth) in a pint bottle; then add the Sugar Syrup. Take a teaspoonful every one, two or three hours.

You will find that this simple remedy takes hold of a cough more quickly than anything else you ever used. Usually ends a deep seated cough inside of 24 hours. Splendid, too, for whooping cough, croup, chest pains, bronchitis and other throat troubles. It stimulates the appetite and is slightly laxative, which helps end a cough.

This recipe makes more and better cough syrup than you could buy ready made for \$2.50. It keeps perfectly and tastes pleasantly.

Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in gualacol and all the natural pine elements which are so healing to the membranes. Other preparations will not work in this formula.
